MigrationWiz utilizes Azure datacenter security

Sensitive patient and medical staff information needs an extra level of security. As an IT professional, you need to be able to ensure everyone's private data is protected at every step of the migration process. At BitTitan, we take privacy and compliance seriously. With MigrationWiz you get the extra security in Azure datacenters, and your data is always encrypted and never stored.

MigrationWiz is a fully-automated and 100% SaaS migration solution

MigrationWiz® User Migration Bundle moves mailboxes, documents, personal archives, and configures Outlook fast. Migrate all your data from nearly any Source to any Destination—no special training, personnel, additional hardware or software installation needed! We have been the go-to solution for 10+ years across 187 countries.

Healthcare migrations are growing. We had 5,000+ employees that needed to be migrated from Office 365 to Office 365. MigrationWiz was the cloud solution chosen for our migration and the end-customer experience was fantastic. It's now our migration tool of choice for fast, secure, and HIPAA compliant migration.
